CLEVELAND, Aug. 22, 2016 /PRNewswire/ -- Consolidated Precision Products Corp. ("CPP") a leading manufacturer of highly-engineered castings and sub-assemblies primarily for the commercial aerospace and defense markets, today announced the appointment of Magdalena Nizik as General Manager of CPP Poland.

Ms. Nizik most recently served as Managing Director of GE Engineering Design Center in Warsaw, Poland. Ms. Nizik brings with her broad industrial experience in markets such as aircraft engines, industrial gas turbines and oil & gas equipment, having spent 13 years with GE. Prior to joining GE, Magdalena Nizik held leadership roles with KPMG and Aegis plc.

CPP Group VP Europe Ben Mahr commented, "I am delighted to welcome Magdalena to CPP and the team in Europe. Given her knowledge of and network in the global aerospace and defense markets, she will bring valuable insights and experience to manage our growth plans for CPP Poland."

About Consolidated Precision Products Corp. (CPP)

Consolidated Precision Products Corp. ("CPP"), headquartered in Cleveland, OH, is a leading manufacturer of highly-engineered castings and sub-assemblies primarily for the commercial aerospace and defense markets. Founded in 1991, CPP is one of the world's largest investment and precision sand casting companies, producing complex super alloy, aluminum, magnesium and steel castings for a variety of leading commercial and military aircraft, weapon systems, regional/business jets, helicopters and industrial gas turbines. CPP serves a wide range of global, blue chip customers with diverse exposure across platforms. For more information about CPP, visit www.cppcorp.com.
